

PT. CALEB TECHNOLOGY

Instrumentation and Automation Solution

EPC Company Specializing in Instrumentation and Automation Solutions with unparalleled Industry Experience and Professional Team ready to serve and tackle any projects big or small. We provide the right mix of services, expertise, and experience to help increase productivity, optimize plant assets and improve financial performance across your enterprise.

OUR HISTORY

Established in 2010, PT Caleb Technology has become a trusted EPC Company Specializing in Instrumentation and Automation Solutions for the Oil & Gas, Power, Chemical, and Industrial sectors. Leveraging extensive experience in industrial automation and safety systems, we deliver integrated solutions for Control Systems, SCADA, HMI, Safety Instrumented Systems (SIS), Fire & Gas Detection Systems (FGS), and Fire Alarm Systems. Our multidisciplinary expertise and lifecycle support capabilities enable clients to enhance plant safety, reliability, and operational efficiency.

Through our experience and capabilities, we are strongly confidence to deliver every single project, Services and every assignment in high quality to meet customer satisfaction.

TABLE OF CONTENTS

The following is a table of contents in the company profile of PT Caleb Technology.

02 OUR HISTORY

To become a proper solution in the field of integrator system in bringing your business growth into reality.

04 ABOUT US

An independent system integrator company and one of the leading providers in Indonesia.

06 OUR PRODUCT

Below are some product that we offer.

07 OUR ADVANTAGE

The strength that we have that makes us as the main choice of our business partners.

08 OUR SOLUTIONS

Below are some of services and solution that we offer.

10 PARTNER & CLIENT

Some partner that have support PT Caleb Technology and some clients that have cooperated with PT Caleb Technology.

ABOUT OUR COMPANY

PT Caleb Technology is an EPC Company specializing in Instrumentation and Automation Solution with unparalleled Industry Experience and Professional Team ready to serve and tackle any projects big or small.

We provide the right mix of services, expertise, and experience to help increase productivity, optimize plant assets and improve financial performance across your enterprise.

We're dedicated professionals committed in delivering all of our projects at the highest standard in Safety & Quality.

Our expertise extends from Engineering, Procurement, Construction, Commissioning, Materials supply and Maintenance.

We provide a complete range of service that encompass the whole scope of a project :

- Engineering
- Procurement
- Construction
- Commissioning
- Maintenance Operation
- Supply of Materials & Spare Parts

Industries served:

- Oil & Gas Industry
- Power Generation
- Chemical & Petrochemical
- Pulp & Paper,
- And Many Others...

GET TO KNOW *OUR GOALS*

In enhancing the development of the company, we have the right goals and strategies to provide the best, through our company's vision and mission as follows:

Our Vision

To be a recognized EPC Company specializing in Instrumentation and Automation Solution in the region by focusing on our core business of Control System & Instrumentation, Fire & Gas Alarm System, Fire Alarm and Suppression System and provides value for our customers through improvements in their business performance.

Our Mission

1. **Deliver Excellence** – Reliable EPCI Instrumentation & Automation solutions.
2. **Customer First** – Quality, safety, and on time delivery.
3. **People Growth** – Competent people with integrity and leadership.
4. **Continuous Improvement** – Innovation and operational excellence.
5. **Sustainable Partnership** – Creating long term value for all stakeholders.

OUR PRODUCT

SCHNEIDER

Schneider Automation and Control covers a wide range of industrial sectors, featuring products for applications ranging from simple machines to complex process systems.

DRAEGER

Draeger has offered some of the most technologically advanced industrial safety equipment in the world, with a wide range of fixed solutions for fire (flame) and gas detection systems.

KIDDE

Kidde Fire Systems offers a wide range of proven technologies to serve the diverse needs of virtually every industry. Our products, combined with our highly skilled, worldwide installation and service network, allow us to provide you with a total system solution to solve your fire protection needs. The list below is a representation of the countless industries we protect.

OUR **ADVANTAGE**

Some of the advantages we have to provide satisfaction to customers are as follows:

Professional

Our expertise extends from Engineering, Procurement, Construction, Commissioning, Materials supply and Maintenance.

Experience

We provide the right mix of services, expertise, and experience to help increase productivity, optimize plant assets and improve financial performance across your enterprise.

Capabilities

Simply deliver solutions and provide managed services. Our business is helping yours. Our focus is helping our customers realize optimum results through innovative solutions and managed services.

Our Solution

PT Caleb Technology is an EPC Company Specializing in Instrumentation and Automation Solutions, serving the Oil & Gas, Power, Chemical, and Industrial sectors with integrated solutions for Instrumentation, Control Systems, Fire & Gas Protection Systems, Security Systems, and Plant Automation. Our services cover engineering, procurement, construction, retrofit, replacement, upgrading, and lifecycle support services.

01 Integrator System for Instrumentation & Control System

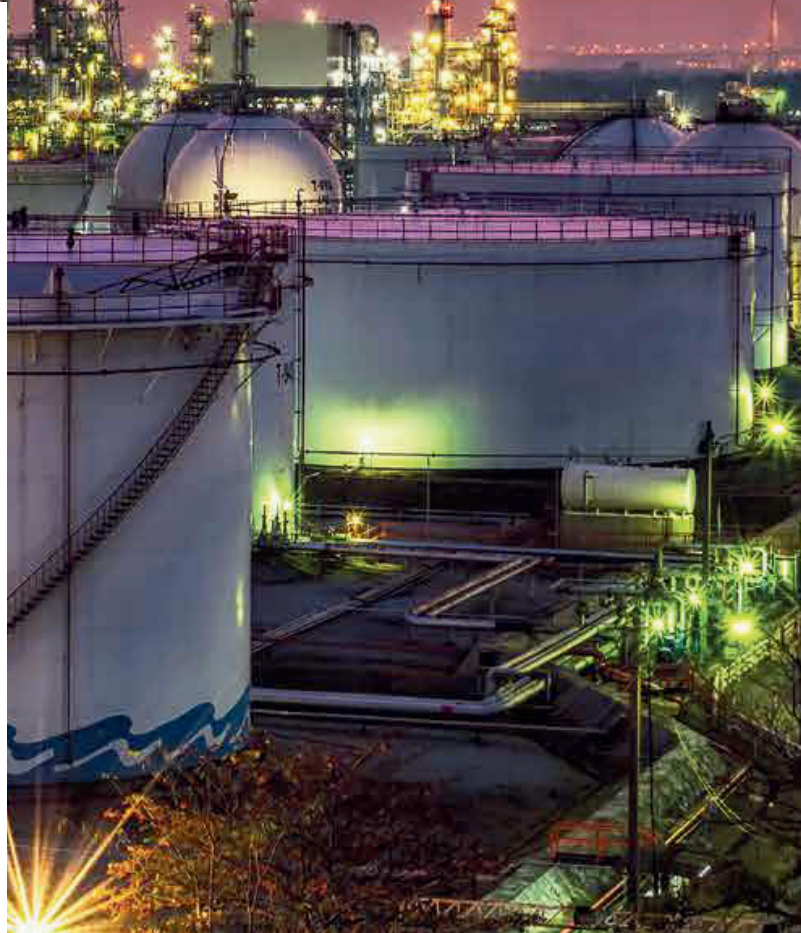

PT Caleb Technology provide solution as Integrator System for Instrumentation, Control System, Fire & Gas Protection System, Security System and Instrumentation for New Plant, Retrofit, Replacement & Upgrading with improved lifecycle support.

02 Control System

- The operating information system that can make decisions and control the operational process as well as set up the physical production process that is automatically made by computer.
- Has function as a safety system in an industry or a processing that can detect a condition beyond control and recover it in initial condition, so that it may not result in fatal toward its process system.

03 Fire & Gas System

Automatic fire and gas detection system where it is equipped with sensitive sensor toward the existence of smokes, heats, fire and gas.

04 **Fire Alarm & Suppression System**

Automatic fire detection, warning, alarm and suppression system where it is equipped with sensitive sensor toward the existence of smokes, heats & fire, alarm devices for warning and Clean Agent for Suppression.

05 **PLC Package**

Automatic various system based on PLC Control System for various System on Powerplan, Oil and Gas and other industry.

06 **Security System**

An integrated security system in a package which is used for Access Control, Monitoring.

07 **Panel System Assembly**

We provide services and solutions for all your control system panel manufacturing needs, starting from material supply, panel assembly, factory acceptance test.

CLIENT

OUR PROJECT LOCATION

OUR PROJECT EXPERIENCE

NO	PROJECT	CLIENT	DURATION
1	Retrofit Analyzer Area Utilities Plaju, Sungai Gerong & CDU	Pertamina Patra Niaga RU III Plaju	2025 - 2026
2	Pengadaan dan Pemasangan Fire and Gas Detection System di IT Makassar	Pertamina Patra Niaga Regional Sulawesi	2025 - 2026
3	UPS & Battery Charger for Salak Unit 7 Development Project	JO Timas Suplindo & Rekayasa Industri / Star Energy	2025- 2026
4	Pemasangan Sistem Interkoneksi Sirine Tahap 3	Kilang Pertamina Internasional RU III Plaju	2025
5	RTWS Panel	Pertamina Hulu Sanga Sanga	2025
6	Retrofit FGDS MUDI PAD A, PAD B & PAD C	Pertamina Hulu Energi Tuban East Java	2024-2025
7	Pemasangan FGDS di Area Metering Kilang & OM	Kilang Pertamina Internasional RU III Plaju	2024
8	Provision of ITT Maintenance Services	Mubadala Energy (Sebuku) Ltd	2024-2025
9	PCS & SIS Assembly Panel	Triguna Mandala	2024
10	Pembangunan Partial Stroke Test Field Poleng	Pertamina EP Regional 4 Zona 11	2023
11	Penggantian Access Control System & CCTV System	Pertamina EP Cepu	2023
12	Fire Protection System di ATU & Warehouse CPP Donggi	Pertamina EP Regional 4 Zona 13	2023
13	Fire Suppression System di CPP Donggi & Matindok	Pertamina EP Regional 4 Zona 13	2022
14	Upgrading & Modification HMI & Control System	Wika Bitumen	2021
15	GTS Autochoke Valve Positioner Revamping	Pertamina Hulu Mahakam	2019 - 2021
16	Provision of Gas & Condensate Meter Calibration & Certification	Ophir Bangkanai	2018 - 2022
17	Provision of Instrumentation & Control maintenance Services	Pertamina Hulu Energi West Madura Offshore	2018 - 2021
18	Pemasangan Fire Protection System di SPBG	Pertamina (Persero)	2018
19	Retrofit Fire & Gas System CPP #5	Pertamina Hulu Energi West Madura Offshore	2017
20	Fire Addressable Detection Panel System	JO Saipem – Tripatra – Chiyoda / FPSO Jangkrik Eni Muara Bakau	2016
21	Upgrading Autosafe Fire & Gas System FPSO SeaGood 101	Santos	2016
22	Completion Scada Pack PHE #38, #39 & #54	Pertamina Hulu Energi West Madura Offshore	2016
